

Aqueous polymer dispersion

Abstract

- 5 Aqueous dispersion obtainable by free-radical polymerization of
- a) at least one N-vinyl-containing monomer
 - b) at least one polymeric dispersant
 - c) at least one polymeric precipitation agent
 - 10 d) at least one crosslinker
 - e) optionally further monomers
 - f) optionally at least one regulator
 - g) optionally a buffer substance

15

where the weight ratio of b) to c) is in the range from 1:50 to 1:0.02.
